'If you don't know where you are going, how will you know when you get there?'
 – Steve Maraboli: Behavioral scientist, Author

Extensive Community Bank® Experience

How effectively is your company planning for customer growth, increased staff and director capability and improved financial outcomes?

All of these considerations, activities and responsibilities must be related to your company's business and community objectives, directions and priorities. Alignment between aspiration and action is critical to your success.

Quality Organisation Culture and Practice

Planning takes time and effort, but it also lays the foundation for transparency and accountability as your company's priorities and actions are formalised through a Strategic Plan or a Business Plan.

CDKiosk practitioners are all experienced facilitators, with years of experience with both the Community Bank® model and working with strategic and business plans.

Independent from BABL

Boards are constantly 'on the go':

Managing	Championing	Reporting
Developing	Prioritising	Reviewing
Monitoring	Negotiating	Allocating
Complying	Measuring	Encouraging
Challenging	Assessing	

You will benefit from a tailored approach that responds to your company's business planning requirements:

Consistent and Best Practice Messages

- Business Plan reviews
- developing effective strategy and performance measures
- planning for major partnership opportunities (see our 'Partnerships' section)
- succession planning for skill and knowledge sets to strengthen your Board.

Benchmarking Opportunities

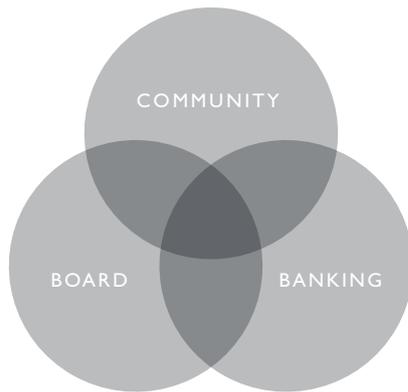

Oh, there's also all the forecasting and predicting of:

Stakeholder expectations	Diverse and representative
Community expectations	Board configuration
Business versus community imperatives	Opportunities for new sites and/or agencies
Partnership and leveraging opportunities	Franchise agreement compliance
Reputation management	Succession planning
Legislative compliance	Risk
Governance	

We also provide flexible delivery options: we work with you to decide the most effective structure – a full day, weekend, on site, or over two or three small sessions.

Products and Services Responsive to Community Bank® Board Challenges

Contact us to discuss your company's requirements.
